

Bill Frangos

Bill Frangos was born in Monokambi Greece, Ikaria and migrated with his family at seven years of age. He still retains fond memories of his early childhood. He discusses how his family settled in Port Pirie, where they contributed to the thriving market gardening industry. He also worked for the Commonwealth Railways. Although Bill laments the diminished community due to the lack of industry, he continues to be actively engaged with the District Orchid Club, bird keeping, and football club where he was named 'fundraiser of the year'.
